

# High Wear Laminate

## TOUGH ENOUGH TO TAKE IT

Some surfaces simply have to take a beating, and still keep their good looks. That's where RalphWilson •High Wear • Laminate comes in. Built to take the extra wear that comes with high traffic commercial projects, RalphWilson • High Wear Laminate is more than seven times the industry standard for abrasion resistance on high pressure laminate. A low-cost alternative to stone, granite or other hard surfaces, with improved wear resistance over standard laminates, RalphWilson • High Wear Laminate is also available in hundreds of colors and designs, and a wide variety of sizes.

# RALPH WILSON®

# HIGH WEAR

# LAMINATE

## KEY FEATURES

- More than 7X abrasion & scuff resistance of traditional laminate
- 3 product types: 107HW-General Purpose, 335HW-Vertical Grade & 350HW-Postforming
